1.1 PROJECT BENEFITS:

The advantages of inviting the tender are as follows:

- Better quality and reliability of power supply to the consumers.
- The works can be taken up immediately after the finalization of the budget for the financial year.
- Duplication of works such as inviting, processing and awarding tenders for each individual work in a Division is completely avoided.
- As there is no necessity of calling individual work wise tenders, both physical and financial progress can be achieved.
- Monitoring of the works becomes simple and easier.
- There will not be any mismatch of materials as the supply and erection of the materials lies with the contract agency.
- When there is ROW problem for a particular work, both materials and labour can be diverted to the other needy works there by optimum utilization of both materials and labour can be achieved.
- There will be drastic reduction in attending faults due to natural calamities.
- Reduction in power supply interruptions resulting in reduction of duration of interruption period.

1.3 SCOPE OF WORK:

i. Replacement of deteriorated 11KV UG Cable by new 11KV XLPE UG cable.
